Ms. Jacobsen's class	Ms. Jacobsen	"Suquamish ABC Book: In 2019, my fourth-grade class was introduced to Uryadi's village (an orphanage in Ethiopia) and the opportunity to start a relationship with the children who live there. My class was asked to send letters in order to introduce us. We came up with an idea to write an ABC book about where we live. We wanted to share what is important in our lives and culture here, where we call home. The book was an amazing success. The book traveled all the way to Africa and was given to the children in the village. With the new class this year, the students are just as excited to share who they are with our friends across the world. One copy of the book will be traveling to the village this spring and one is donated to this auction. This year we have also decided to sell this book in order to raise funds to sponsor a child in Ethiopia. This will allow a child to attend school for a year, a child whose family wouldn't have been able to afford for them to go. With all our hope, Ms. Jacobsen's Fourth Grade Class 2020"
